HERE NOSTALGIA IS EVERYDAY LIFE

About Us

The Ashley Inn

Step through the doors of this classic Federal-style home into a historic picture book. From the white oak floors to the handmade glass panes, the charm of a bygone era comes alive and invites you to experience gracious southern hospitality firsthand.

The mansion has been thoughtfully restored and tastefully decorated to ensure that guests are surrounded with a warm and inviting atmosphere.

The rolling hills and picturesque views throughout the property provide gorgeous backdrops for outdoor ceremonies, photoshoots, or romantic sunset strolls.

Horses graze quietly on the lush greens, and the old dock on the lake offers adirondak chairs perfect for enjoying a good book under the lazy arms of the weeping willow.

This breathtaking location truly captures the spirit of Kentucky.

Weddings

Come Celebrate With Us

The Ashley Inn offers gorgeous accommodations to ensure your wedding day is a magical event to remember. A gracious bridal dressing suite is available in the Inn, while the groom and his party can be hosted in an Away Suite across the old English courtyard.

Posing on the curved, cantilevered staircase in the main entryway allows for stunning photographic opportunities of the bridal party and family groups, and makes for a unique structural backdrop for private photos of the bride and groom.

The grounds of the Inn can support both small, intimate weddings as well as large, extravagant affairs with hundreds of guests. In addition, the historic main room of the Inn can accommodate a ceremony with up to 100 guests.

We offer in-house catering or welcome the caterer of your choice.

Two spacious honeymoon suites are also available on the property, as well as five guest rooms with private baths.
